About the Program:

The Petoskey Breakers were formed in 2003 in an effort to create a competitive atmosphere for girls in Northern Michigan to develop their soccer ability in preparation for their high school season. The Breakers are an affordable alternative to other select soccer programs in Northern Michigan. Whereas other programs run upwards of \$1000 per season, the player budget with the Breakers is approximately \$250-\$300. Please see the attached team plan for more information. The final teams will be selected after the tryouts, and practices will begin in mid-August. All team related information after tryouts will be posted at www.petoskeysoccer.com
