

2010-2011 u-15, u-16, and u-19 Team Plans

Fall 2010:

The Breakers will compete in the Michigan State Premier Soccer Program against select teams from across Michigan. The eight-ten game schedule requires two-three trips downstate for road games on Saturdays or Sundays throughout the fall. The Breakers will be using Petoskey's Click Road Soccer Complex as our home field. This format is designed to allow high school athletes to participate with the Breakers and their high school sport during the fall season. Starting in mid-August through the beginning of school, practice will be held twice a week. All training sessions will be held at Petoskey's Click Road Complex, and all sessions will be scheduled around other fall sports. All Breakers teams will also be participating in the Petoskey Autumn Blast Tournament on September 11th and 12th.

Summer 2011:

At the conclusion of the girl's high school season the team will reorganize and train in preparation for the Petoskey Invitational, June 13-15th, 2008.
